

REMARKS

Claims 10-21 are pending in this application, having been renumbered as such from the original and previously presented in a Preliminary Amendment submitted concurrently upon filing on June 9, 2005. Applicant has herewith amended claims 11-17 to correct dependencies in the previously renumbered claims, and to more clearly set forth the invention as claimed by Applicant. No new matter has been added.

Early examination of the application on the merits is solicited.

Respectfully submitted,
